

This Autumn, David Wheatley will lead the house group at 8 West Chapelton Crescent, Bearsden. It will take the form of a series of presentations, with personal photographs, involving responses from our House Group members, reflecting on specific topics relevant to Christian faith and its origins, seen in the light of a pilgrimage to the Holy Land in 2019 made with Ann and three valued friends (Sheena, Andrew and Brenda), fellow members of the House Group. The Revd. Professor John Riches will act as an adviser.

David says: For me, the pilgrimage gave *geographical* understanding to add to an *historical* basis for the origins of Christianity, with a resultant deepening of faith.

At the first meeting on Monday October 3rd at 2.30pm the topic is:

The influence of Rome on early Christianity
